

# MiVoice S720 Bluetooth Speakerphone

Enjoy crystal clear HD audio, while maximizing productivity during conference calls through this premium portable and easy-to-use Bluetooth Speakerphone

## Key Features

- Enhance the MiVoice 6930 & 6940 IP Phones with office side table / small meeting room conference phone capabilities
- Connects to the MiVoice 6930 & 6940 IP Phones' built-in Bluetooth wireless interface
- Seamlessly move call audio between IP Phone and S720 Bluetooth Speakerphone
- Link two S720 Bluetooth Speakerphones together for extended coverage / stereo audio
- Portable design – leverage Mitel's MiCollab Softphone when traveling
- Crystal clear HD Voice audio
- 360° microphone pickup (6ft / 2m range)
- Battery powered with 15 hours of talk time
- Dual connect – MiVoice 6900 & Mobile Phone
- Doubles as high-fidelity Bluetooth speaker when paired with mobile phone music player

The MiVoice S720 Bluetooth (BT) Speakerphone allows you to instantly transform any room into a conference room for up to six people. Enabling all attendees to contribute while on a call thanks to the 360° microphone pickup and HD Voice audio. You can even extend the coverage to up to twelve people quickly and easily by wirelessly linking in a second MiVoice S720 Bluetooth Speakerphone.

The MiVoice S720 Bluetooth Speakerphone is the perfect solution for office side table and small meeting room conference calls. Speakerphone functionality is tightly integrated with the MiVoice 6930 & 6940 IP Phone's built-in Bluetooth 4.1 interface. Multiparty conference calls can be setup using the inherent conferencing capability of the MiVoice 6900 desk phone and then seamlessly moved to the MiVoice S720 Bluetooth Speakerphone. Users can even take the speakerphone on the road with them and leverage the Mitel MiCollab Softphone for hotel room or other on-the-go conference calls. The S720 Bluetooth Speakerphone features a lightweight design, comes with a protective travel pouch and boasts an impressive 15 hours of talk time before the battery needs to be recharged. The MiVoice S720 Bluetooth Speakerphone also doubles as a high-fidelity Bluetooth speaker when paired with the music player on the user's mobile phone. Users can even link two speakerphones together to enjoy stereo music playback.

## Easy to install & use

Easy end user installation ensures you will be making conference calls in no time at all. Setup a multiparty conference call on the MiVoice 6930 or 6940 IP Phone and then seamlessly move the call audio to the S720 Bluetooth Speakerphone.

## Enjoy crystal clear sound

Always understand conference call conversations thanks to the crystal-clear wideband HD Voice audio.

## Coverage for up to 6 people

360° microphone pickup makes for clear conversations during office side-table or small meeting room conference calls.

## Link two for extended coverage

Quickly link two S720 Bluetooth Speakerphones together to wirelessly extend coverage for up to 12 people.

## Portable design for the road warrior

Users can even take the speakerphone on the road with them and leverage its exception HD voice audio when conducting on-the-go conference calls using the Mitel MiCollab Softphone. Protective travel pouch included.

## Use all day without recharging

Benefit from a battery whose charge will last for your whole working day. Talk for up to 15 hours with no need to charge the Speakerphone.

## Doubles as Bluetooth Speaker

Experience the music on your mobile phone as it was supposed to be heard, link two MiVoice S720 Bluetooth Speakerphones together for a complete high-fidelity stereo experience.
